

Facial Treatments by Ionithermie

From the early Egyptians' use of kohl and mineral pigments to the tightly drawn corsets of the Victorian era, women have endured much in the name of youth and beauty.

In the modern world, people are fortunate to be able to turn to technology for their fountain of youth, and one of the most important innovations is the use of micro current. Using our unique, patented blend of gentle galvanic and faradic stimulation along with specialized treatment masks enables us to treat a comprehensive range of skin conditions.

Energie Marine Clarity Facial

Clarify your skin from the depths of the ocean with Energie Marine. This deep cleansing and detoxifying mask stimulates the lymphatic micro circulation while remineralizing and encouraging cell metabolism. Excellent for sensitive skin and rosacea.

Revealing Collagen Lift Facial

Reveal your skin's true potential with our Collagen Boosting Facial. 100% Soluble Marine Collagen is infused for ultra hydration while diminishing fine lines and wrinkles.

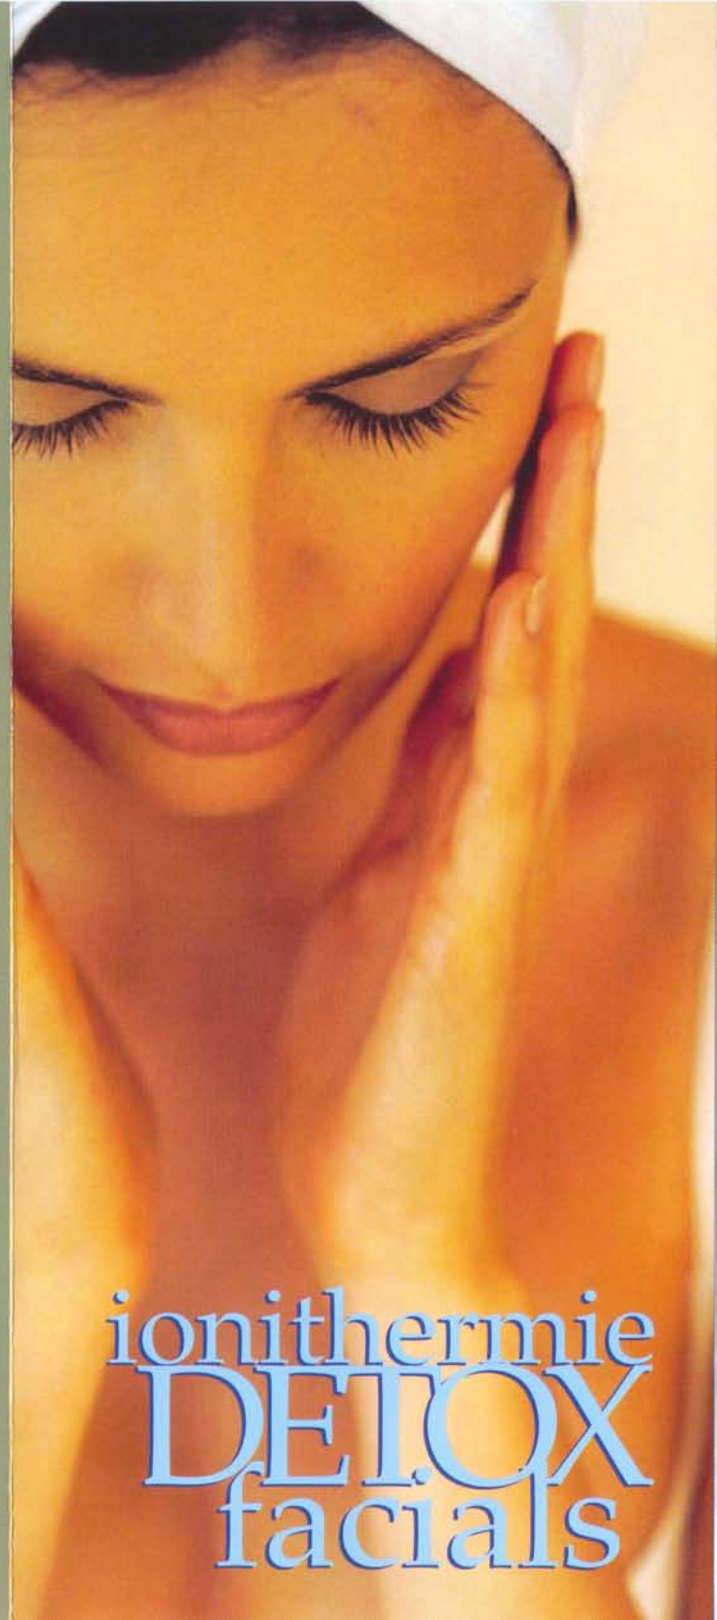

Ageless Ionithermie Firming Facial

Reverse the sands of time with this non-invasive lifting facial mask. Deeply penetrates products to rebalance, replenish and rehydrate. With the aide of the Ionithermie machine, the facial muscles are stimulated for cellular renewal, boosting circulation to firm and tone, leaving your skin revitalized and radiant while lifting the jawline and eyes.

Revealing Collagen Lift Facial

Reveal your skin's true potential with the Collagen Boosting Facial. 100% Soluble Marine Collagen will be infused into your face and neck down to your clavicle for ultra hydration and plumping of fine lines and wrinkles.

Ionithermie's Brut de Collagen Mask supplies the skin with essential amino acids, to create a luxurious replenishing facial.

The unique action of the Ionithermie machine enables hydration of the upper layers leaving the skin with a more youthful appearance.

This treatment is recommended for mature skin, prematurely aged skin, dry dehydrated skin and sun damaged skin.

Ageless Ionithermie Firming Facial

Reverse the sands of time with this non-invasive lifting facial mask with electrodes strategically placed to increase blood circulation and muscle tone on the neckline and around the eyes.

Ageless Ionithermie Facial involves a warm, thermal clay mask and 2 mild forms of electrical stimuli. Simultaneously, a firming action is applied to the facial muscles with the faradic stimulation improving skin and muscle tone. It enables specific personalized treatment creams to penetrate deep into the skin allowing deep rehydration as well

as correcting specific imbalances. This treatment can be personalized for mature skin, skin with poor elasticity and tone, dry dehydrated skin and congested / oily skin.
